

Brussels, 5 February 2020

INVITATION

Round Table Meeting

”Social perception of forests and image of foresters”

10 March 2020, 10:30 – 14:00 hrs.
European Forestry House
Rue du Luxembourg 66, 1000 Brussels

You are kindly invited to a lunch-time Round Table Meeting to debate society’s perception of forests, forestry and foresters.

While the forest policy discussions on European level are almost exclusively focused on issues related to climate change, the bioeconomy and the protection of forests and forest biodiversity, the way sustainable forest management is perceived by society seems to be of increasing importance.

Christine Farcy from University of Louvain (Belgium), Chair of the European Forestry Commission of FAO and Vice-Chair of the Board of the European Forest Institute has dealt with the perceptions, uses and the importance of forests and will open the discussion with a keynote presentation.

Following the informal discussions a networking lunch will be offered.

We hope that you will join us on 10 March 2020 in the European Forestry House.

Please feel free to forward this invitation to your colleagues in the organizations you represent and register not later than 28 February 2019 to info@european-foresters.org.

As the number of seats in the meeting room is limited, participants will receive a confirmation of their participation prior to the event.

Co-organizers of the event:

EUSTAFOR – European State Forest Association

FECOF - European Federation of Municipal Forest Owners

UEF – Union of European Foresters

*You are on our send list because you are either employed by a member organization of one of the co-organizers or are otherwise professionally involved in forestry and the forest-based sector at European level. If you no longer wish to receive our emails, however, please **unsubscribe** by sending an email to: info@european-foresters.org . Please be aware that we take pictures at our events. By participating, you agree that your picture can be used and may be published.*
